Natively supported devices through 2033

Neat Bar Generation 2

Simple yet powerful meetings in small to medium rooms. Neat Bar Gen 2 brings beautifully simple yet powerful audio and video quality to your native video meetings, driving up to two 4K screens to experience your teammates and content sharper and larger than ever. It also supports BYOD-only mode with or without a Neat Pad.

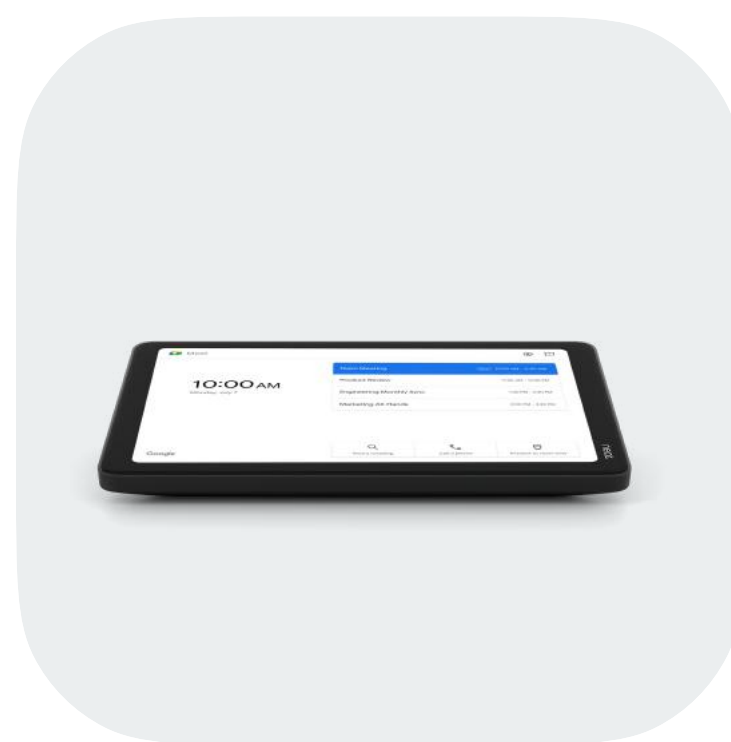

Neat Bar Pro

Power to drive engaging meetings in medium to large rooms. Neat Bar Pro drives up to three monitors to give you the ultimate immersive meeting experience by allowing you to simultaneously see people and content more easily. It incorporates two extreme resolution cameras and an advanced image depth sensor that, combined, deliver 16x zoom.

Neat Center

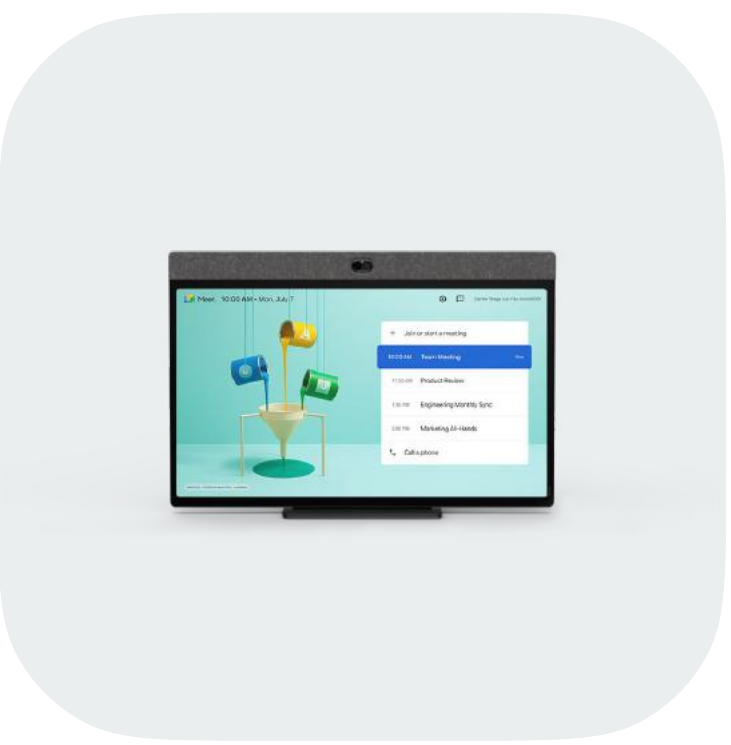

See and hear everyone better in medium to large rooms. Neat Center brings meeting participants on the far end of a call to the center of the conversation so they don't miss a thing. It enables them to gain a closer, more natural, and engaging audio and video perspective of all in-room participants.*

Neat Pad

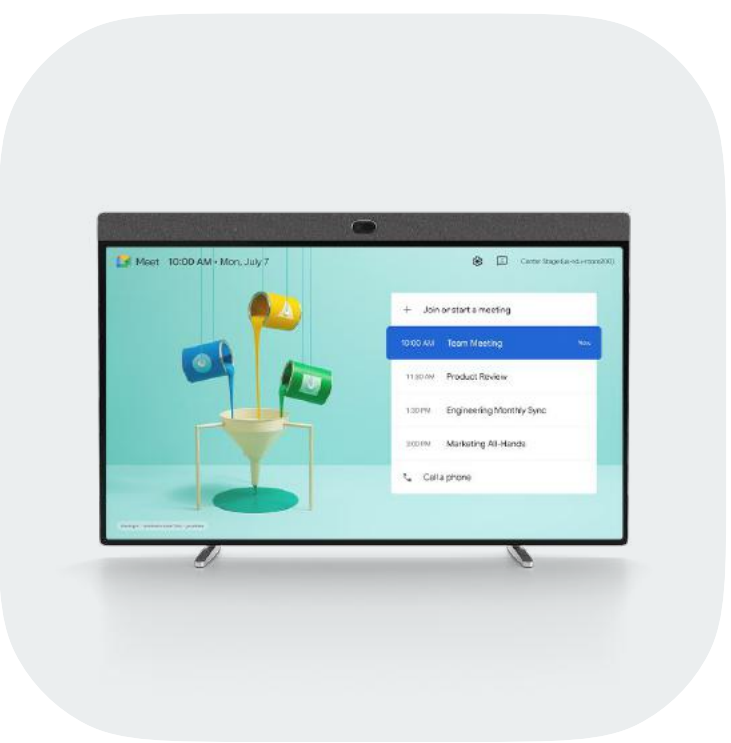

Touchscreen meeting control or room scheduling within easy reach. Neat Pad is a slim, discreet touchscreen meeting controller that lets you start and manage meetings and share your screen, with a single tap. It can also be deployed as a scheduling display, making it easy to check availability and quickly book or reserve workspaces.***

Supported by Google Meet soon

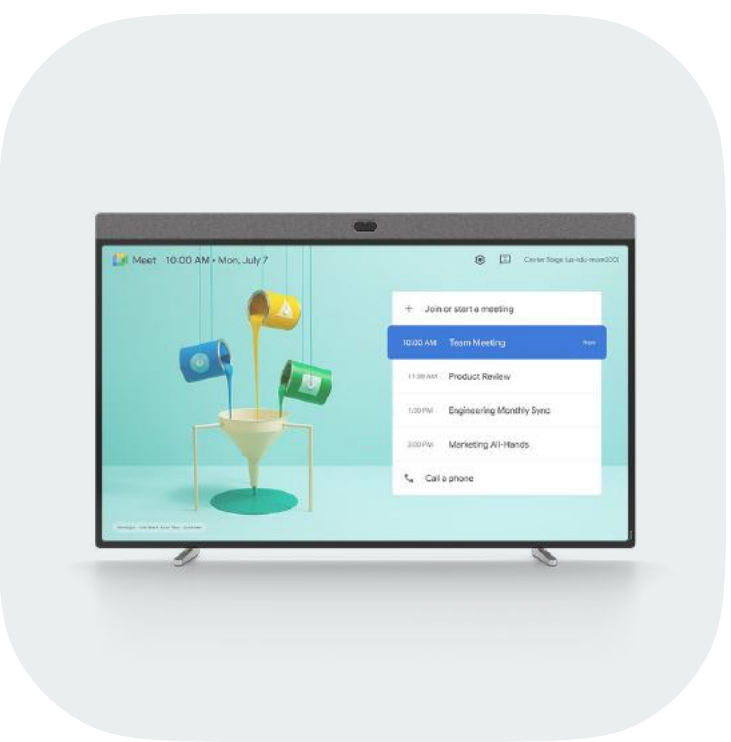

Neat Board 32

All-in-one touchscreen for focus spaces and desks. Neat Board 32 is an all-in-one 32-inch touch device designed to maximize collaboration and productivity. It also doubles as a 4k monitor integrated with premium audio and video.

Neat Board 50

All-in-one touchscreen for small spaces and huddle rooms. Neat Board 50 is a sleek yet powerful device. Its 50-inch touchscreen empowers you to move, interact, create and collaborate efficiently, all within easy reach.**

Neat Board Pro

All-in-one touchscreen for medium to large rooms. Neat Board Pro delivers a vivid display of power through a 65-inch multi-touch screen and naturally adaptive, far-reaching audio and video for immersive meeting experiences in one elegant device. It offers a range of extendable capabilities, collaboration applications, and uniquely flexible mounting options.**

Neat Pad Pro

Touchscreen meeting control or room scheduling with more power. Neat Pad Pro is a 10-inch touchscreen meeting controller or scheduling display that brings clarity and efficiency to every meeting room. With built-in microphones, AI-powered audio processing, and environmental sensors, it supports simpler, healthier, and more cost-effective room management.***

*Not natively supported
**A Neat Pad is required until full touch support is available (Q1 2026)
***For room scheduling, the Neat Open app ecosystem includes a range of room and desk booking solutions that support Google Meet.
